Brookside is pleased to announce its managers for Summer 2009! Mr. Art McAnney will be taking the helm this season. He brings with him many years of pool management experience and lots of enthusiasm. Buildings and Grounds Buzz

Brookside is once again gearing up for another fun and safe season! We have been busy getting the grounds in shape for opening day, and the work session members have toiled long and hard over the past few weeks. We've made some improvements to the parking lot and have implemented some landscaping enhancements in our continuing effort to improve the appearance of our swim club. In order to reduce our operating expenses, we are seeking out less expensive contractors for materials and services. The recession is affecting us all, and Brookside's financial resources remain tight. Nevertheless, we are confident that "the pool" will once again be a great place to enjoy the summer!!

Laptops Anyone?

Good news for those of you who can't seem to be unplugged! Brookside has installed wi-fi for the convenience and pleasure of all of its members. We're hoping this contributes to our goal of being your "home away from home." Enjoy!
